

**Chenango Championship
Chenango Valley State Park
June 3rd, 2018
Race #5**

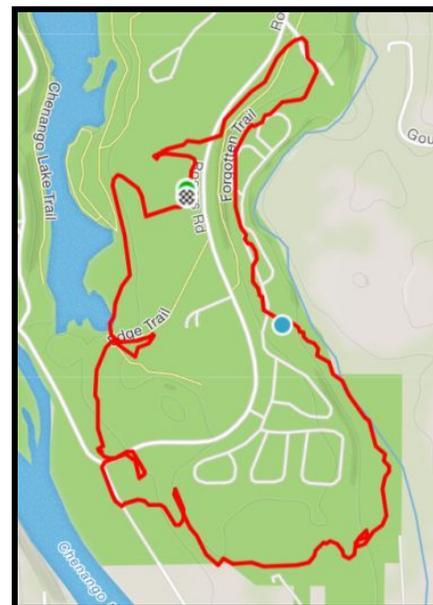

**Race: Sunday June 3rd
Pre-Ride: Saturday June 2nd - after 3:00 PM
153 State Park Rd,
Chenango Forest, NY 13746**

RACE COURSE DESCRIPTION:

Middle School Course

An exciting start in the infield for the 3.33 mile course, riders head for the woods, a short section of double track thru the pines before hitting a sweet and short descent on some nice single track, that'll take you down and onto the Bog Trail – don't blink you'll miss it as your quickly off it and back onto a short single track section. As riders get to the end of short segment, you'll turn left, make a quick climb up, then right onto a short double track section that'll turn right and descend down to a nice ridge trail heading for the Pine cluster you'll see as you come out of the woods. Here, riders will zig/zag thru the cluster, then cross Roger's Road, out around a field and then south towards the single track and the short switchback climb then down to the power lines. It's now some sweet singletrack along the southern end of the park where riders will twist and flow thru some thick pines, then along the backside of the park along Page Brook and below the Chipmunk Camping area. There is one short climb up and over an open area then back into the flowy singletrack where the riders will come up a short climb and turn left at about the 2.8 mile mark onto the paved road. This is where the MS and HS courses separate. The Middle Schoolers will go straight up along the left side of the road and turn left into the fast doubletrack heading back towards the start/finish area. After cruising the Doubletrack for about a quarter mile, the riders will make a hard right, cross over the park's Roger's Road thru the tree line and into the start/finish area and completing the lap!

High School Course:

An exciting start in the infield for the 4.5 mile course, riders head for the woods, a short section of double track thru the pines before hitting a sweet and short descent on some nice single track, that'll take you down and onto the Bog Trail – don't blink you'll miss it as your quickly off it and back onto a short single track section. As riders get to the end of short segment, you'll turn left, make a quick climb up, then right onto a short double track section that'll turn right and descend down to a nice ridge trail heading for the Pine cluster you'll see as you come out of the woods. Here, riders will zig/zag thru the cluster, then cross Roger's Road, out around a field and then south towards the single track and the short switchback climb then down to the power lines. It's now some sweet singletrack along the southern end of the park where riders will twist and flow thru some thick pines, then along the backside of the park along Page Brook and below the Chipmunk Camping area. There is one short climb up and over an open area then back into the flowy singletrack where the riders will come up a short climb and turn left at about the 2.8 mile mark onto the paved road. This is where the MS and HS courses separate. The Middle Schoolers will go straight up along the left side of the road, whereas the High School course makes a right turn crossing the pavement, a few s-curves single track before hitting probably the fastest section of the course. Here the course takes the riders down some wide open trail into a sweet single track on the northeast part of the park. This singletrack is killer, with fast rollers, berms that's a good mile long coming to the hardest hill on the course – up and out of the low area, some short single track, then making a hard left onto the fast doubletrack heading back towards the start/finish area. After cruising the Doubletrack joining back onto the MS course, where after a third of a mile, the riders will make a hard right, cross over the park's Roger's Road, go thru the tree line and into the start/finish area and completing the lap!

PRE-RIDE: Saturday afternoon 3-5 PM **Please Note Riders must have a number plate on the bike if on the course at any time and are not allowed to be on the course before the time listed .**

Sunday morning 7-9 AM We recommend all riders pre-ride the course.
Please pass course workers & marshalls with great care.
