#### **RACE DESCRIPTION:**

If you have always wanted to race on a UCI World Cup XC course here is your chance!! The Windham World Cup course is the perfect way to end our 2019 season. Racers will be treated to a special venue with punchy 2 mile laps and numerous opportunities for spectators to cheer them on. Starting from the base of the mountain, a gradual climb leads riders to the first section of singletrack. This section of pines will test each rider, with 3 short switchbacks leading up to a short but techy section of singletrack. There is one more short climb with a bridge crossing before riders can rest. The middle of the course traverses the mountain over a rocky, rooty trail system. The course then heads down the mountain! Some wide open double track leads riders across the mountain, zig zagging their way back to the finish line. Once at the bottom, riders will drop into a short berm section. Leave a little in the tank for the last grassy uphill back the finish line. This course uses some of the same trails used in the UCI World Cup XC races held at Windham over the years. Enjoy!!
